★ PIZZA ★

Below you will find our per pizza pricing as well as the average cost per person. Years of experience have taught us that one of our 15" Large Pizzas will feed about three average eaters, which explains the formula we've used to create the per person average. If you've got especially hungry folks in your group, you might want to account for them by adding a couple extra pies. Of course you could order a dozen Legendary *Peproni Rolls*™ or some of our handcrafted desserts to fill the void. **That ought to be enough to make everyone happy!**
